

ASGA GOLF

Asociación Senior de Golf de Andalucía

Dear members,

At the time we are preparing the balance for 2016 and the budget for the next year 2017. Comparing it with other clubs and associations we see that our budget is very low and that on the other side have no sponsors to better our economical situation and be able to offer better prices in our tournaments.

We don't find it to be of justice to raise the yearly fee as we have quite a lot of members who pay their fees without participating in our tournaments and do help us to maintain our budget without taking prices. The only advantage of those members is to have the membership-card of ASGA that allows them to enjoy the special prices that we have agreed for our members with a lot of courses.

We therefore have decided to introduce a small fee for those players that really participate in our tournaments. This quote will be € 6,- for each inscription in a tournament and will be charged by standing order after the tournament to all players and those who have not cancelled their inscription 48 hours before the beginning of the tournament.

Those members that inscribe and at the end do not present themselves have to understand that they create a problem to us and the course-staff as we have to reorganize the flights in the last moment. To avoid these problems we establish the time of 48 hours to cancel the inscription. We do not want that the staff of the courses have reason to protest about our bad organization. During years ASGA has created a prestige and the image of being serious and we want to maintain this.

Best regards,

Adolfo Pedevilla

President
