TOURNAMENT AT MARBELLA GOLF – a very sad experience

Yesterday we plaid our tournament at Marbella Golf with a very sad experience regarding the formality of our members inscribed for the tournament. From 82 registered players only 39 presented themselves to play. Another 23 at least had the detail to cancel moreless in time, but 20 remained in silence and simply did not show up.

It did not rain in the morning, only about 30 minutes after teeing off a very thin rain and at the end of the tournament another light rain to finish the last 2 wholes, the rest of the day we enjoyed good and dry weather.

I want to remember that the members of the board have a lot of work to prepair the tournaments and 2 days before inform the respective golf course about the number and names of the players and the flights so that they can make their preparations consulting hcps for the scorecards, buggies, etc. Furthermore there is the restaurant responsible to prepare the lunch for the players. It is nothing pleasant and comercial to prepair for 80 persons and than there are only 39 according to the mornings recount.

I think that the mínimum respect to all that is to cancel in time the participation with a call to the club, to my mobile 607266333, the secretary Paco 609472272 or to Manolo Fernandez on 628703069.

Yesterday all the members and the team where waiting until de time of the shut gun in front of the club for possibly delayed persons and at the end we had to recompone all the flights that remained incomplete. Like we say here – a big mess. Fortunately the present members showed a lot of patience.

We certainly do not want this to repeat and kindly ask and require for the future the consideration that deserve all those that get affected from the lack of communication, the course, the board and all the members.

Best regards – Adolfo Pedevilla
