

INFORMATION TO ALL PARTNERS

My dear partners and friends, just as it was reported that the next tournament was scheduled for San Roque Golf and when we were going to finalize the prices with them, they made us two proposals:

Given the protests last season, that the course we played was not to the liking of many of the members who participated and others who did not come for it.

First, playing on the OLD COURSE, with consecutive departures at 11:30, they give us a 40% discount on the official price, leaving the amount at €130 per player and buguy. Food is not included.

Second, to play on the NEW COURSE, with a shotgun start at 9:30, the price is €89 per buguy player and food.

Seeing the differences in prices, one with food and the other without food, one a large course such as the OLD COURSE and the other NEW COURSE, which many do not like.

That is why, before publishing the poster and opening the inscriptions, we would like to know the opinions of the members, in order to bring this tournament to a successful conclusion.

I ask everyone in general to send an e-mail as soon as possible to secreta@asga-golf.com indicating which one they would like to play.

Reflection, our association has always opted to play in the best courses in Andalusia, it is true that the economic situation has risen in these three years since the pandemic, but that is not why we are not going to treat ourselves to being able to play in some of the emblematic courses , as is the San Roque Old Course.

Mark in which field you prefer to play.

Old Course Price 130 €

New Corse Price 89

Please respond before August 1
